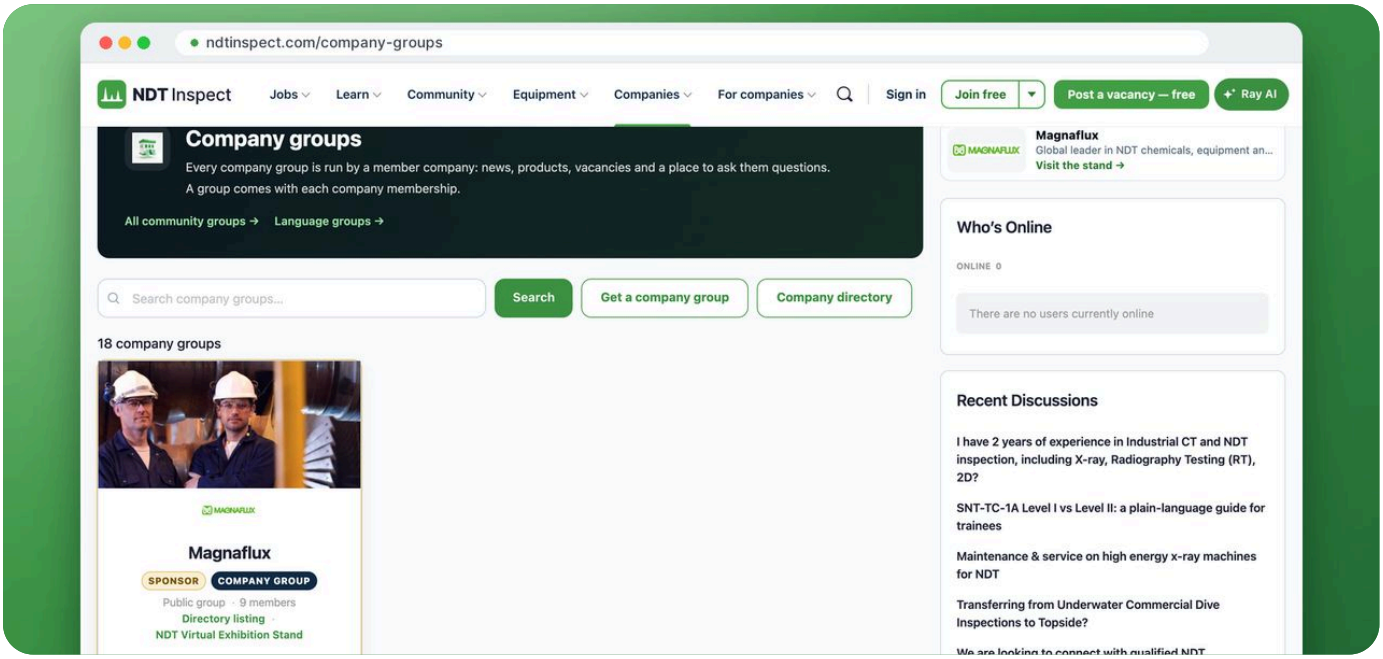
FOR COMPANIES

Company groups

Exhibitor and Sponsor companies get their own group and forum: a place to post news, products and vacancies and to answer questions from members. A company group is linked from the stand and the directory listing, and every company group feeds one hub that company members follow.



WHAT YOU GET

- Your own group and forum with the Exhibitor and Sponsor plans
- Post news, products and vacancies
- Answer questions from members
- Linked from your stand and your directory listing
- Your posts reach the Company Groups hub

HOW IT WORKS

1. Take the Exhibitor or Sponsor plan: your group is created with it.
2. Add your logo and a short description.
3. Post your news and answer the questions members ask.

Good to know. Included with the Exhibitor and Sponsor plans.
