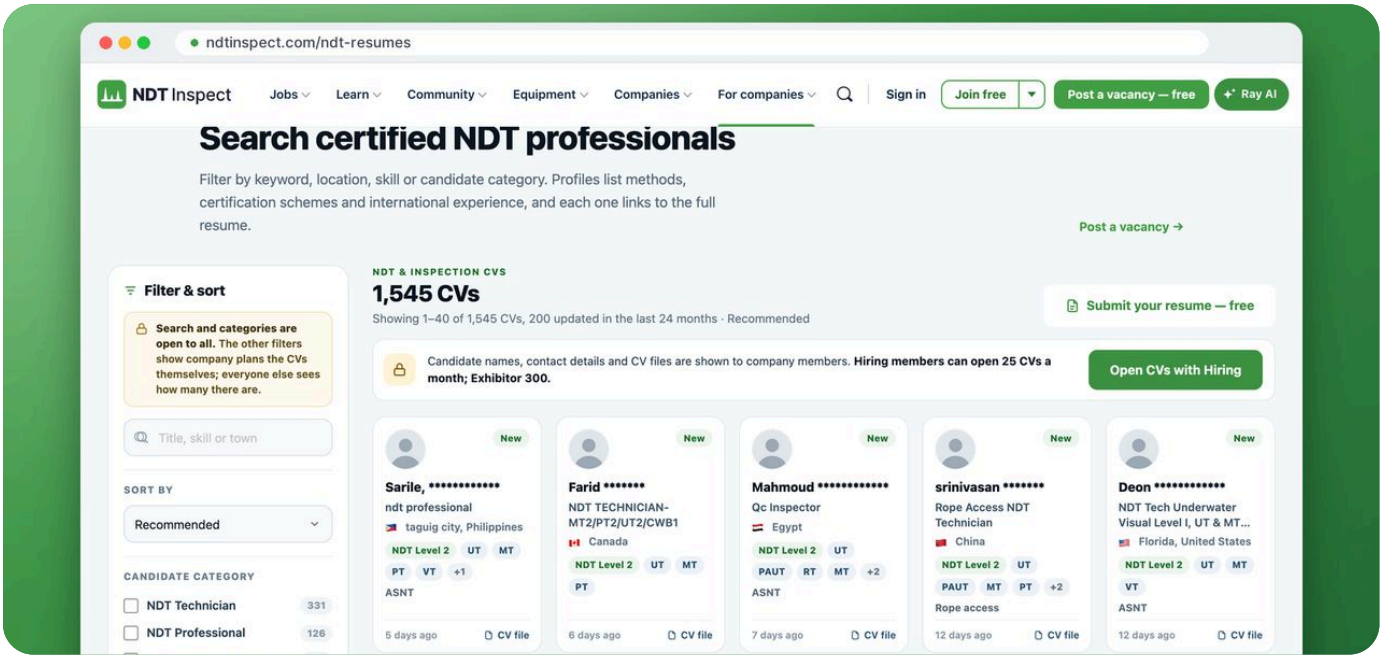
NDT Inspect

PRODUCT SHEET

FOR EMPLOYERS AND RECRUITERS

CV directory and CV search

A directory of certified technicians, inspectors, Level III specialists and integrity engineers. Company plans filter CVs by NDT method, certification, level and country, open full CVs with contact details, save searches and receive new matching CVs by email. Built for staffing a project or a shutdown quickly.



WHAT YOU GET

- Certified technicians, inspectors, Level III specialists and integrity engineers
- Filters for NDT method, certification, level and country on the company plans
- Full CVs with names, contact details and CV files, within your plan's monthly allowance
- Saved searches, with new matching CVs sent by email
- Keyword search and candidate categories open to everyone

HOW IT WORKS

1. Open the CV directory and search by keyword or category.
2. With a company plan, filter by method, certification, level and country.
3. Open the CVs that fit and contact the candidates directly.

Good to know. CV access comes with the Hiring, Exhibitor and Sponsor plans. The plans page shows what each one includes.
