NDT Inspect

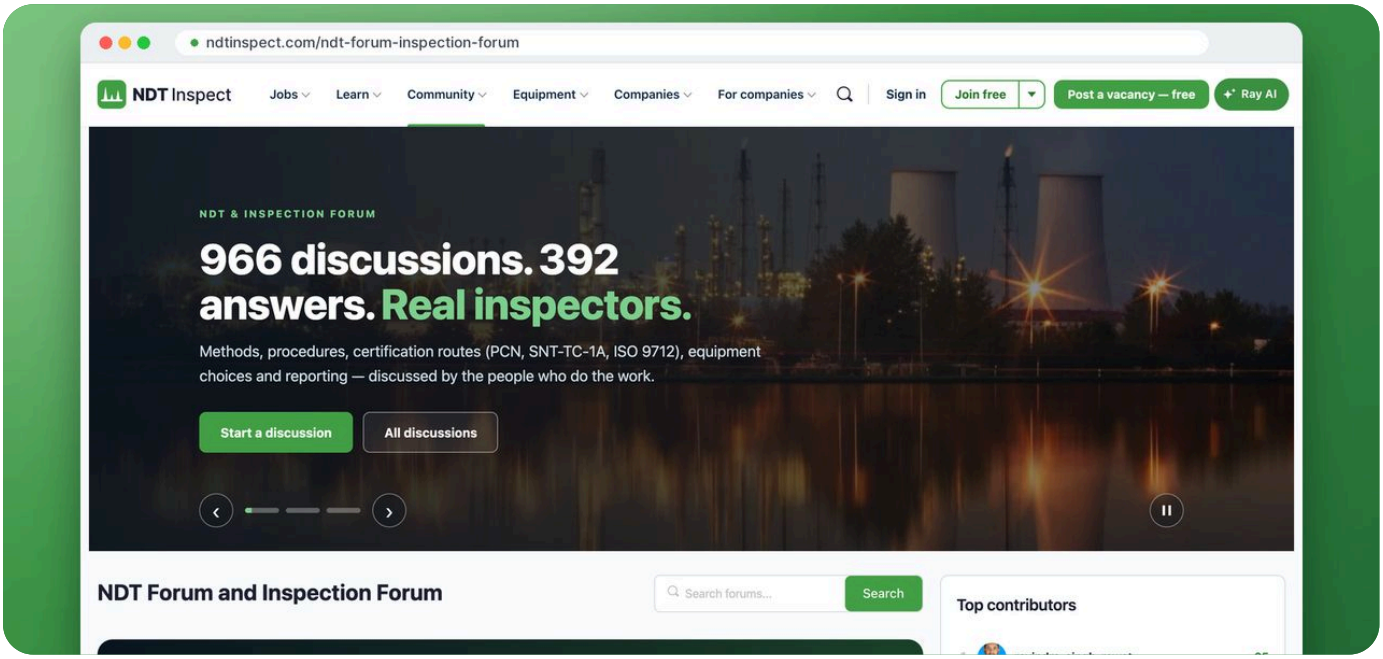
PRODUCT SHEET

FOR THE WHOLE COMMUNITY

NDT forum

FREE

Questions on methods, procedures, certification routes (PCN, SNT-TC-1A, ISO 9712), equipment choices and reporting, discussed by the people who do the work. Ask a question, share experience and build a reputation: the members who answer the most appear on the community leaderboard.



WHAT YOU GET

- Forums for methods, procedures, certification routes, equipment and reporting
- Answers from working inspectors
- Points and a leaderboard for the members who help most
- Search across every discussion
- Recent discussions on every community page

HOW IT WORKS

1. Search first: your question may already be answered.
2. Start a discussion in the forum that fits.
3. Come back and answer others. It builds your reputation.

Good to know. Free with a member account.
