NDT Inspect

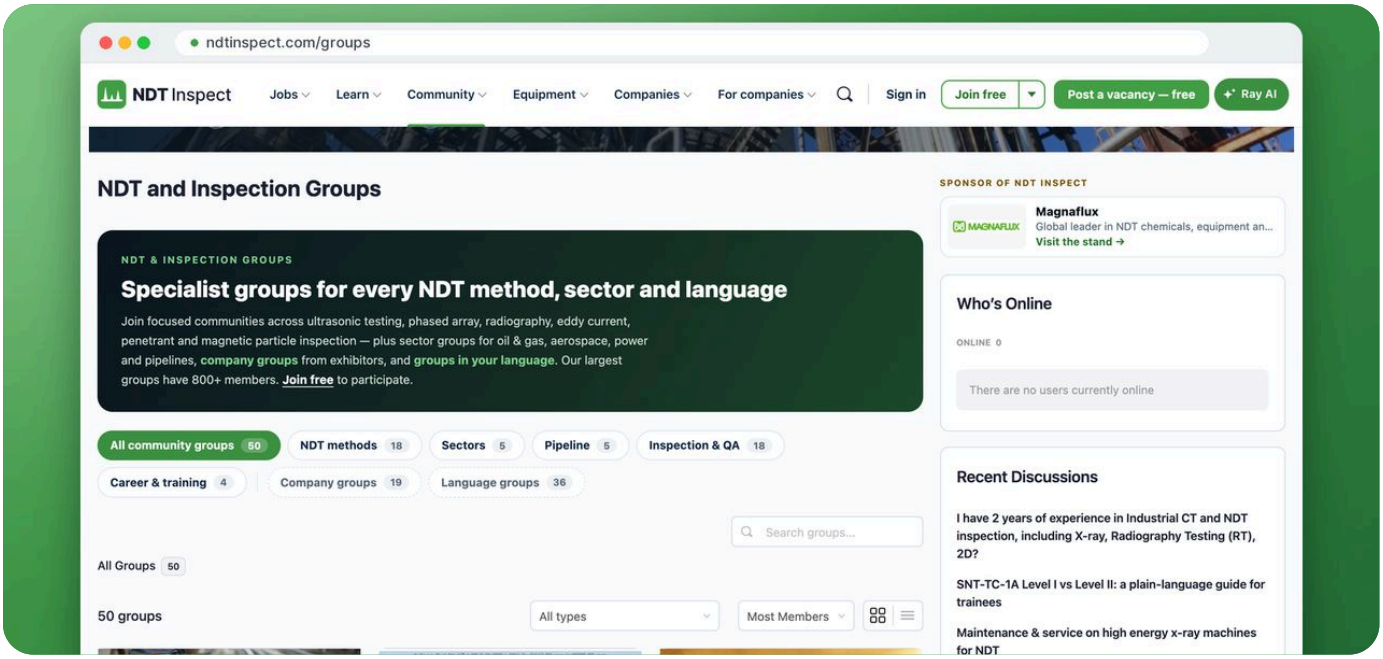
PRODUCT SHEET

FOR THE WHOLE COMMUNITY

NDT groups

FREE

Specialist groups for every NDT method and sector: ultrasonic testing, phased array, radiography, eddy current, oil and gas, aerospace, nuclear, power, pipeline inspection, codes and standards, careers and more. Join the ones that match your work, follow the discussions and meet the people in your field.



WHAT YOU GET

- A group for every major method: UT, PAUT, TOFD, RT, ET, MT, PT and more
- Sector groups: oil and gas, aerospace, nuclear, chemical and power
- Pipeline, inspection and QA, codes and standards and career groups
- Posts, photos and discussions from the groups you join
- Company groups run by member companies

HOW IT WORKS

1. Browse by family: methods, sectors, pipeline, inspection and careers.
2. Join the groups that match your work.
3. Post, ask and follow.

Good to know. Free with a member account. You choose for each group whether you receive its emails.
