NDT Inspect

PRODUCT SHEET

FOR MANUFACTURERS AND SUPPLIERS

Product Exhibition

Where exhibitors announce what is new: dated launch posts for instruments, systems and accessories, each checked by our team before it goes live and published to the whole community in NDT News. A launch links back to the product on the company's stand, which carries a New badge.

WHAT YOU GET

- Dated launch posts for new instruments, systems and accessories
- Published in NDT News to the whole community
- A New badge and a Read the launch link on the product in your showcase
- An enquiry form on the post with the product already chosen
- Checked by our team before it goes live

HOW IT WORKS

1. Open Company news in your company dashboard and choose Product launch.
2. Write the post and link it to the product in your showcase.
3. We check it and publish it.

Good to know. Included with the Exhibitor and Sponsor plans. Launches and company news share one yearly allowance.
